

# SISTER TALK

Mentoring Programme

for

**Black and racially minoritised**

**Sister Talk provides a tailored solution that aids in overcoming inequality and trauma and brings Black and racially minoritised girls into focus as we make deeper connections with them, and as such minimising the loss of human potential of talented and creative individuals.**

# DID YOU KNOW?...

In EDUCATION there is a:-

- **66% increase in Black Caribbean girls being excluded from school and triples for mixed white and Black Caribbean girls.**
- **68% increase in the number of Black and racially minoritised girls participating more in self-harm.**

**Currently in education, little discussion exists about how race, gender, and class inequalities impacts Black girls' education.**

# Let's Bridge the Gap!

## Sister Talk provides :-

- Curated spaces for Black girls to gather, connect, and build.
- Solution-focused Transformational coaching to re-tune the mindset to build confidence and promote personal agency.
- Career seminars for girls to connect with Black women who are successful in their field.

# What Others Have Said...

***I've been doing Sister Talk for 8 weeks and I really enjoyed it. I think it will help when you come out of school and in the outside world.”*** Helena Year 10.

***"In terms of the whole ‘Sister Talk’ package, we have been delighted as a school. It has been the standout external intervention programme. The professional manner in which you have led the programme is now the benchmark for all others."***
